## ENERGY POLICY

### 1. Preamble

Energy conservation is an essential component of sustainable development and environmental protection. Mrs. Kesharbai Sonajirao Kshirsagar Alias Kaku Arts, Science & Commerce College, Beed is committed to reducing energy consumption and promoting efficient use of energy resources in campus operations. The institution recognizes the importance of responsible energy management and aims to develop awareness among students, teaching staff, and non-teaching staff regarding energy conservation practices. The college strives to adopt energy-efficient technologies and promote the use of renewable energy sources.

### 2. Objectives of Energy Policy

The objectives of the Energy Policy are:

1. To promote efficient use of energy resources in all campus activities.
2. To reduce energy consumption and wastage in the institution.
3. To encourage the use of energy-efficient appliances and equipment.
4. To promote renewable energy sources such as solar energy.
5. To create awareness among students and staff about energy conservation.
6. To conduct Energy Audit periodically to monitor energy consumption.
7. To develop a sustainable and energy-efficient campus.

### 3. Scope of the Policy

- This policy applies to:
- Academic buildings
- Administrative offices
- Laboratories and computer centers
- Library and common facilities
- Campus lighting and infrastructure
- All staff and students of the institution

## **4. Energy Conservation Measures**

### **4.1 Efficient Energy Use**

- Switching off lights, fans, computers, and other equipment when not in use.
- Use of LED lighting systems in classrooms, offices, and corridors.
- Use of energy-efficient electrical appliances.

### **4.2 Renewable Energy Promotion**

- Encouraging the installation and use of solar energy systems.
- Promoting renewable energy awareness among students and staff.

### **4.3 Energy Monitoring**

- Monitoring electricity consumption periodically.
- Maintaining records of electricity usage for evaluation.

### **4.4 Awareness Programs**

- Conducting workshops, seminars, and awareness campaigns on energy conservation.
- Observing National Energy Conservation Day and other related events.

### **4.5 Green Campus Initiatives**

- Promoting natural lighting and ventilation.
- Encouraging sustainable practices that reduce energy consumption.

## **5. Implementation**

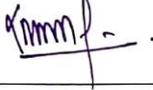

- The implementation of this Energy Policy shall be carried out through:
  - IQAC (Internal Quality Assurance Cell)
  - Environmental / Green Audit Committee
  - NSS Unit and other student bodies
  - College administration and maintenance staff

## **6. Monitoring and Review**

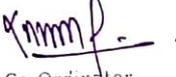

The Energy Policy will be reviewed periodically by the IQAC and Energy Audit Committee to evaluate energy consumption and introduce improvements in energy management practices.

## Approval

This Energy Policy is approved and adopted by the institution for implementation in all academic and administrative activities.
